

WHERE IS MY TEACHER'S WEBSITE?

Find your teacher's classroom website by pulling down the staff dropdown menu and selecting **Teacher Pages**.

Once you open that page, you will discover the list of teachers that have created a classroom website. ****Please note: some teachers may opt to create websites later in relation to other district initiatives. Actual website content may vary based on grade level and teacher preference.*

CAN I ADD CALENDARS TO MY DEVICE?

The Calendars on the district website and all school and teacher websites include a button to subscribe to the online calendar. [ADD TO MY CALENDAR](#)

Click this button for pop-up instructions to add the calendar to your device. Each calendar generates its own URL, so remember to navigate to each calendar and add all appropriate calendars to your device.
