

FREE - LIFE SAVING TEST - FREE - LIFE SAVING TEST - FREE

Young Hearts for Life is excited to be at **Plainfield South High School** on **February 28, 2019** to screen all students for heart conditions which could lead to Sudden Cardiac Death (SCD).

WHY HAVE YOUR CHILD GET AN ECG????

- * 60 Young adults die each week from SCD. **Often the first symptom is death.**
- * Sports physicals will only detect 4% of students at risk for SCD. ECGs may detect 70% of students at risk for SCD.
- * This test is painless, quick, and FREE
- * This test would normally cost you \$75-150.
- * Results are only shared with parents
- * Specially trained Cardiologists on-site for screening
- * **YH4L, Edward/Elmhurst Heath and Plainfield South High School** are sponsoring your school to bring this lifesaving test to all your children **FREE** of charge.

Don't pass up this chance to have your child screened. Sign up today at www.YH4L.org
