

**In an effort to reduce traffic and most importantly, keep EVERYONE at RV as safe as possible, we have made some changes in our traffic patterns for buses and cars for the 2009-10 school year. These changes will be effective beginning the first day of school. Please assist us by adhering to these procedures and by informing anyone who will be picking up your child of our new procedures.**

**Car rider drop off will take place behind the school. Please see the attached map for the new traffic flow pattern. It will seem odd to enter on the opposite side of the drive-way entrance, but this will help us get dozens more cars off of Bronk Road. Please DO NOT drop off students anywhere other than the designated zone or walk through the traffic line. Students may exit cars entering the building beginning at 8:40 AM.**

**Buses will unload in the front of the building. Once buses start arriving no traffic will be permitted to drive across the front lot of the school. Bus stop arms will be extended and violations will be reported. Vehicles may still enter and park on the north side of the building but realize that you may be blocked in for an extended period of time by buses during drop off time. Students SHOULD NOT be released from cars in the north parking lot to enter the building. Please use the car rider line instead. Parents may, of course, escort their children to the doors and wait with them until students are allowed to enter the building.**

**Walkers coming from the front of the school and all bike riders should gather at the main entrance and enter at 8:40 AM. Walkers coming from behind the school should enter with car riders at 8:40 AM. Appropriate sidewalks and safe crossing areas should be used at all times.**

**Dismissal will remain the same for walkers and bike riders. Walkers will be dismissed at the rear of the building. Bike riders will be dismissed out of the main entrance.**

**We will have multiple staff members on duty the first few weeks of school to help assist in this transition. Thank you for helping us keep your children safe at school!!**

# River View Bus/Car Rider Procedures 2009-2010
