**ADDENDUM #1  
TO REQUEST FOR PROPOSAL FOR EXCLUSIVE HIGH SCHOOL, MIDDLE SCHOOL, AND  
ELEMENTARY BEVERAGE CONTRACT**

PepsiCo Food Service

1. Page 10 Section H. of the RFP says that the High Schools and Middle schools currently have 61 pieces of non-vending equipment. Is that 61 divided among the High Schools and 61 divided among the middle schools? Also, how accurate is that number, because it strikes me as rather high and will definitely affect the bid numbers if we truly need to place 122 coolers on top of the vending equipment.

**The District currently has 61 coolers at the high school levels and 25 coolers at the elementary level. Agreement on exact number, type and placement at Contractor expense, will be mutually agreed upon before the recommendation to the Board.**

2. Please clarify whether the district is specifically looking for a 3 year deal with options for two additional years, or if a straight 5 year deal will work. The RFP alludes to both options.

**The District currently is looking for a three (3) year deal with options for two additional years.**

3. Finally, the RFP mentions that all submissions must be on the forms provided with the RFP. Considering it's a .pdf document, is there something available in a more editable (if that's a word) format? I'm sure the district would prefer to not have to try to decipher my handwriting.

**The District only offers the RFP in a PDF format.**

4. **The RFP has been extended until 9:00 AM, to July 14, 2016; at which time proposals will be publicly opened in the District Office at the address below. Address envelopes to the attention of:**

Plainfield Community Consolidated School District 202
