EVENT SCHEDULE

5:00pm – “Hidden In Plain Sight” Trailer, presented by HERO

The inside of the trailer is designed to look like a teenager’s bedroom, with seemingly ordinary items placed in plain view revealing where drugs or alcohol can be hidden “in plain sight.” This educational tool is designed to educate family members about the warning signs of substance use and abuse. (The trailer will be open for viewing throughout the event).

5:00pm – Reception/Community Resource Fair

6:00pm – Welcome/Speaker Presentations

8:00pm – Q & A Discussion Panel with Speakers

8:30pm – Close

Information-packed presentations and Q&A to include:

- Understand what vaping and e-cigarettes are, the components of these devices and the health effects
- Gain awareness of the strategies that manufacturers are using to increase use among adolescents
- Learn the difference between cannabis and CBD products and their health applications
- Understand the short-term and long-term impact of marijuana use
- Identify risk factors for Opioid Use Disorder and overdose
- Learn how to respond to an overdose by administering Narcan
- Become familiar with Illinois Good Samaritan laws

Presentations available in both English and Spanish.

Speaker presentations begin at 6:00pm with Q&A to follow.

Distinguished Presenters:

Dr. Kathleen Burke, PhD

Director of Substance Use Initiatives in Will County

Dr. Burke manages the Illinois Drug Overdose Prevention Project in Will County providing naloxone training to law enforcement and community members to prevent overdose deaths. As a member of the Illinois Opioid Crisis Response Advisory Council and the Will County Mobilizing for Action through Planning and Partnerships Collaborative Executive Committee she has advanced several new programs to combat the opioid epidemic.

Dr. Aaron Weiner, PhD

Director, Addiction Services – Linden Oaks Behavioral Health

Dr. Weiner is a Licensed Clinical Psychologist, member of the Board for the Society of Addiction Psychology and on the Science Advisory Board for Smart Approaches to Marijuana. He is passionate about educating both healthcare providers and the general public about the nature and treatment of addiction, helping medical teams provide compassionate and competent care, and empowering patients to be informed consumers about their options.
