

Parents & Community Members:

You're Invited!

The Illinois Attorney General's Office, Internet Crimes Against Children (ICAC) Task Force offers training to children, teens, and parents/guardians that provides valuable information on how to stay safe and avoid online risks.

We invite you to attend our upcoming virtual webinar!

A Teen's Online Image & Their Future:

This webinar addresses the power of a positive online image. We will explore how teens connect and what they share on social media, including self-created explicit content and other risks and trends. The importance of maintaining a reputable digital footprint is significant not only to prevent victimization and promote safety, but to ensure that teens will thrive socially, emotionally, and obtain positive future opportunities!

Coming up in April (Sexual Assault Awareness Month):
"What You Should Know About Sexting"

Please join us

**Thursday,
March 3rd** 

@ 6:30 pm CT
