Dr. Rubin's Mini-Medical School is a community service program created in 2004. Our programs are designed to encourage motivated high school students to become physicians and surgeons. Applications for our Mini Medical School for High School Students are now available on our website: [www.MiniMedicalSchool.com](http://www.MiniMedicalSchool.com).

The Mini Medical School for High School Students Program is a competitive program. We are offering the program to two classes of students: one meeting on Saturdays and the other on Sundays. We will meet on the following dates:

The Saturday class meets for the first 5 sessions from 3-6 PM with arrival starting at 2:30 PM at the Edward Outpatient Center in Plainfield. The last session is Sunday March 18<sup>th</sup> at 1-3 PM at Edward Hospital. The Sunday class meets for the first 5 sessions from 2-5 PM with arrival starting at 1:30 PM at the Edward Outpatient Center in Plainfield. The program provides a very intense overview of the typical courses learned in Med School with a series of complementary hands on experiences typical of 2<sup>nd</sup> and 3<sup>rd</sup> year med students. Parents are invited to the last session when students will be provided a chance to review all the procedures learned along with their parents and hear a lecture on how to obtain admission to medical school as well as other health fields. We will conclude with our graduation ceremony. Students must be able to attend all 6 sessions to fully benefit from this program.

Admission to this program is competitive. There is no fee to apply. This program is appropriate for advanced sophomores, juniors and senior students. Applications will be processed as they are received. Student finalists will be offered an interview. The deadline for us to receive a complete application is **October 31, 2019**. Please go online to our website for more details.

Any student who is interested in becoming a physician or surgeon will benefit from this program. Visit our website to apply and submit your application.
